

Printed Surgical Scrub Cap SC0705 – Lightweight & Breathable

The Printed Surgical Scrub Cap SC0705 is designed for healthcare professionals who need both performance and personality in their daily workwear. Lightweight, breathable, and easy to wear for long hours, this scrub cap is perfect for surgeons, nurses, and allied health staff working in fast-paced medical environments.

Made from high-quality, soft fabric, the cap features a secure tie-back closure to ensure a snug fit for all head sizes. Whether you're in the operating room or performing clinical duties, this cap keeps your hair comfortably tucked away and helps maintain hygiene standards. With its vibrant and professional print options, it adds a touch of individuality to standard medical attire.

Unlike traditional [scrub hats](#), this model focuses on all-day breathability and fabric that holds up after repeated washes. Its durability and fit make it a staple in any medical uniform collection. It complements all standard medical attire and is easy to match with printed or solid-colour scrubs.

Comfort doesn't stop at the head—pairing this cap with supportive [shoes for nurses](#) ensures a more complete uniform that reduces fatigue during long shifts. For healthcare teams seeking reliable, attractive gear, coordinating scrub caps, footwear, and medical scrubs in AU options is key to comfort and a professional appearance.

Ideal for hospitals, dental clinics, aged care facilities, and veterinary practices, the SC0705 is not just a cap—it's part of a full uniform solution. Whether you're outfitting a team or upgrading your own essentials, this scrub cap blends utility and expression in one smart design.

Available now through Simply Scrubs, this cap meets the everyday needs of Australian healthcare professionals. Choose from a wide range of prints and enjoy the combination of comfort, style, and long-lasting quality that has made **Simply Scrubs** a trusted name in medical apparel.
